MUCH BUSINESS AT CITY COUNCIL

Which Held a Three Hour Session Last Night. Adjourned Meeting Later.

The three hour session of the Strathcona city council last night was crowded full of important business and even after sitting until 11 o'clock it was necessary to arrange for an adjourned meeting on Friday night to dispose of the matters still pending.

The Communications.
 Among the communications received were the following:
 D. L. Campbell, W. F. Chisholm, J. Walker, West Park Brick Co., and H. J. Clark, asking that McKernan's grade in the west limits of the city be placed in good condition for travel. This was referred to the public works committee.
 The Goldie-McCallough Co., acknowledging receipt of cheque and asking that the cheque for the balance of the \$10,000 be advanced as they had learned with pleasure that their engine had proven satisfactory. This was referred to the finance committee.
 H. F. Sandeman with reference to the plan of the Snyder subdivision which had been approved by the department of public works. He stated that he had been in communication with the owners of the land and was now endeavouring to sell lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, From One Day To The Other

The New Tent.

How fortunate it was I made a new tent for my heart before all the old ones were down, and laid, so low the elm, the sycamore, What a sad world there would have been had the old place been but a day, and the new tent called me in, I waited my heart as in an ark.—Katherine Tynan.

A Story From Dawson.

Down from the North comes another of the tales of human love and endurance, that lend to the distant northern places such warm, human interest. The occasion for a story like this rarely arises, but when it does the spirit of the Canadian man is not found lacking. The story is of one James P. Galbraith, who brought his wife into Dawson by dog-team from the Duncan district—a distance of 75 miles. Mrs. Galbraith became seriously ill some weeks ago. There was not a doctor anywhere in the immediate vicinity, and heroic steps were necessary. Securing the best team of trained dogs in the camp, he carefully placed Mrs. Galbraith in the basket sleigh, and with the crack of the whip was off on the long run early in the morning.

The first day out they made 60 miles. It was a fairly good trail, but not so comfortable nor enjoyable for a woman suffering the pangs of ill as the dogs did not really and tired almost every step of the way. The streamers were beginning to run water. At Clear Creek the water was a foot and a half deep, and 200 feet wide. There was no way to make the crossing, but to swim the dogs, the musher wrapped his wife carefully in canvas, and made the attempt. The dogs swam splendidly, and came out panting on the shore almost exhausted, but soon had their breath and were again boot-footing it down the trail, Galbraith bounding along in the lead, lifting his wife up and down, and drying his wet extremities by vigor of his exertion and his brisk circulation.

Between McQueston and Highest, the government trail, cut last fall, was the course of travel. Had it been built there would have been no means of getting to Dawson at this time, and a death perhaps would have had to be recorded because of the enforced isolation.

Through the heart of a deep forest three trail parties, winding among the foothills and about the gulches and creeks, and it was while passing through this remote wilderness that the deep baying of a band of wolves was heard by Mr. and Mrs. Galbraith. The dogs were not allowed to carry them, and they scarcely needed the warning of the anxious driver and feeble sufferer.

The second day out sixty miles more were made, and that brought the travellers to Dominion Creek. From there it was a good road and the dogs were made yesterday evening. Dr. Catto is in charge of Mrs. Galbraith at the Fairview, and there are hopes that the splendid trip of the husband and the fortitude of the wife in undertaking the long journey will result in her soon being restored to health.

The Irishman's Mule.

General Phil Sheridan was once asked at what little incident in his life he had laughed the most. "Well," he said, "I do not know, but I always laugh when I think of the Irishman and the gray mule. I was riding down the line one day when I saw an Irishman mounted on a mule which was kicking up its legs rather freely. The mule finally got its hoof caught in the stirrup, when in his excitement the Irishman remarked: 'Well, begorra, if you're going to get on I'll get off.'"

Senator Ross Married.

The marriage of Hon. G. W. Ross of the Canadian senate, former premier of Ontario, to Mrs. Mildred Peel, daughter of the late John R. Peel of London, a well known sculptor and teacher of art and mechanical and architectural drawing, was celebrated in the home of Hon. G. W. Ross, 3 Kinross place by Rev. Dr. Milligan, pastor of Old St. Andrew's church.

Later in the afternoon Hon. G. W. Ross left for a trip of some months' duration through the western states.

Miss Peel is an artist and sculptor, well known in Canadian art circles. One of her most notable art productions in this country is a statue of the late Lord Laurier, erected by the Ontario Historical Society at

BICYCLE THIEF WAS CAPTURED

Took Wheels From Different
Parts of City. Got Twelve
Months Imprisonment

Stealing bicycle after bicycle which he found in different parts of the city, John Perennette, a young lad of progressing manners and pleasing address, was arrested last night by the local police. His brother, a lad of about fifteen years, was also secured by the police, and from the facts already obtained it is probable he is as deeply steeped in crime as his accomplice. Both come from Riviere Qui Barre, where their parents live.

This morning the older of the two boys, who has been employed as a sculler, around the city, was arraigned before Magistrate Wade on a charge of having taken on Monday last the bicycle of William Armour, a young lad who lives with his uncle, John M. Lang, on Seventh street.

This wheel Armour had left in front of McKay avenue school, where he is a student.

The wheel, which had only been purchased about a week ago, when produced in court was badly lattered, with spokes broken, grips scratched, and name plate removed. It was, however, identified by the owner, who said that an old saddle had been substituted for the new one. Mr. Clegg, of Clegg & Case, from whom it was purchased, also swore that they had sold the wheel last week.

The young lad, who is about 20 years old, when called upon for his defence took the stand and told a smooth story which he afterwards acknowledged with a mass of falsehoods. The wheel he had received, he said, last March from a chum, who gave it to him to sell. He swore that he had kept it in a barn north of Rat Creek till Saturday last, when he first rode it, and on Monday offered it for sale at a Nampaw avenue store. Thereupon it was taken possession of and brought to the police station.

At this juncture the magistrate emphasized the seriousness of perjury with its consequent penalty of seven years. Whereupon the young culprit said: "I guess you had better strike out what I said."

He however adhered to other de-

tails, stating this was the only wheel he had stolen.

At this juncture the Chief of Police produced two more wheels similarly delated to the first one shown. The revelation was a decided surprise to Perennette, and he subsequently confessed that he had stolen the second from a house west of Syndicate avenue, but insisted that his brother had bought the third.

He told that his brother was working in the west end, but met another surprise when the Chief informed him that he had occupied an adjoining cell at the police station last night.

After a severe lecture from the magistrate, the youthful culprit was given twelve months imprisonment at Fort Saskatchewan with hard labor. The brother will come up for trial when the accuracy of the story told this forenoon has been ascertained.

**ALMOST TRAGEDY
AT THE LANDING**

Hilop and Nagle's Men Involved in a Quarrel Axe Used in Self Defence.

Special to the Bulletin.

Atlatasca Landing, May 15.—In a fight which took place in the west end of the town last night in which some of Hilop and Nagle's men were involved it appears that the men started to mob a man named Bunn. He was forced to use an axe in self defence, and in the scramble it appears he struck a man named Pruden a very bad scalp wound.

Pruden is still unconscious and partly paralyzed. Dr. Boulanger has very little hopes of his recovery.

Bunn is now under arrest at the mounted police quarters.

Tom Kelly and party left for Chipewyan yesterday.

The mail arrived from Lesser Slave Lake yesterday, and the mailman reports water in Little River very low, and ice still solid on the lake.

**WILL ADDRESS
CANADIAN CLUB**

Ernest Thompson Seton has Consented to do this on his Return From the North

In accordance with the statement made by Ernest Thompson Seton in his interview with the Bulletin, when he was here last week on his way to the north, the Canadian club have secured his promise to give an address before that body on his return. It is also suggested that the famous naturalist be secured to give a lecture to which the general public will have access and especially pupils of the city schools, and thus arouse a personal interest in Mr. Seton's work and in nature study generally.

EDMONTON MEN OFFICERS.

The Edmonton delegates to the annual meeting of the Life Insurance Underwriters' Association held in Calgary this week returned to the city last night. They were J. B. Rogers, of the Imperial Life; J. B. Walker, Edmonton district manager of the Canada Life; and George H. Gowan, representing the Sun Life.

An afternoon and evening session was held on Monday, and at ten o'clock members of the association to the number of 26 partook of an excellent banquet at the Palmerston Hotel. The association was organized in

**GOVERNMENT'S
'PHONE POLICY**

Does not Seek to Establish System Where Municipality Owns the Exchange.

The Canmore Mail, in its last issue, lends its readers to believe that the government of Alberta is opposed to the establishment of municipal telephone systems. In fact, it accuses the government of being anxious to monopolize the telephone business of the province, so as to prevent municipalities entering the business.

The Canmore paper is on the wrong track. The government, at its first session, gave the municipalities full power to enter the telephone business. The government system will not conflict in any way, but on the other hand will be of great advantage, as it will permit a municipal line, such as the one proposed in Canmore, to secure long-distance connection which it could not have if the province was served by a private monopoly.

Hon. Mr. Cushing states most positively that the government does not seek to establish a telephone system in a city, town or village, where the municipality owns an exchange or proposes to establish one.

Calgary about nine months ago with a membership of seven, all from Calgary. It was incorporated by special bill of the legislature at the last session. Today there is a membership of over fifty, taking in all parts of the province. Nearly thirty attended the annual meeting. Alderman J. B. Walker was asked to name a committee of the life insurance men in Edmonton to look after the interests of the association in this city.

Heretofore all meetings have been held in Calgary, but in future meetings are to be held in various cities of the province, and of the twelve yearly gatherings, Edmonton will have four. John Ross, of John Ross & Co., Edmonton, the representative of the Great West Life, was elected honorary president of the association, and J. B. Walker, second vice-president.

The object of the association is to place life insurance on a higher plane and promote a better feeling and understanding on the part of the members.

**'PEG WALLOPED
LETHBRIDGE**

Morrison has not yet Rounded up his Great Team of Man Eaters.

Special to the Bulletin.

Winnipeg, May 15.—John Morrison and his Lethbridge miners were the attraction at Happy Land yesterday, and a couple of hours were profitably spent in giving Here's hustlers a light work out. The far westerners did not line up the bunch of man-eaters expected. As a matter of fact they had only seven men and had to be loaned a couple of the locals to make a game. O'Bea, Rogers and other well known athletes whom Morrison is counting on to win the pennant in the new league, were among the missing. "Doc" Voss and Wills helped out the visitors and both worked hard. The score was as follows:—

Lethbridge... ..00000000—1
Winnipeg... ..00140000—7

Batteries—Winnipeg, Sawyer, Gienche and Chris; Lethbridge, Wills and Voss.

Umpire—Terry.

Civil Servants' Union.

Associated Press Despatch.
Ottawa, May 14.—The civil servants here have formed a union to more properly make representations to the government as to matters affecting their interests. A letter from Hon. W. S. Fielding was read saying that the government will not oppose the formation of such a union.

Ab Hummel in Limsight Again.

New York, May 14.—Counsel for Abraham H. Hummel, who was convicted of conspiracy in the Dodge-Morse divorce case today applied to Chief Judge Cullen, of the Court of Appeals in Brooklyn, for a certificate of reasonable doubt. The argument will be continued tomorrow.

THE LATE MR. C. B. RECORD.

REPRODUCED ABOVE, IS A PORTRAIT OF THE LATE MR. C. B. RECORD, FORMERLY AN ORIGINAL HEAD OF THE RECORD, N.B., AND MONTREAL.

Previous to Mr. Record going into the manufacture of shoes, those used in Canada were almost wholly of American manufacture. The character of the work turned out by the Record Footwear & Machine Co., at once gave their shoes a standing, and as a result a very large business soon grew up, largely owing to perseverance against many obstacles.

Although Mr. Record retired from active business as far back as 1928, the solid basis on which he had established the industry, has resulted in its growth from a sturdy pioneer into one of the largest shoe manufacturing plants on the northern half of the American continent. With two large plants, one in Montreal and one in Montreal, the Record Footwear & Machine Co. are known from Halifax to Vancouver, and their "Cablefoot" and "Admiral" brands are recognized as the standard of Canadian excellence.

LEWISTON GREAT TRAINING GROUND

Climatic Conditions Superb for Early Spring Practices—Lewiston Likes Edmonton Team.

"Deacon" White and his wife caught on with the Lewiston people all right, and things were made pleasant for the Edmonton bunch. The Lewiston Tribune says:

"Deacon" White, the manager of the Twilight League, has collected an aggregation of batters, fielders and lawmen which will compare favorably with the leading teams of the Northwest League. While he has a better batting bunch than Russ Hall's Dulles Minors, who trained here, and he is confident that he will have as good or a better team at the fielding game. Several of his players are spry and carry their spikes with them. He aims to have the fastest fielders and lawmen in the league as well as a team that can hit when batters needed.

"While he is enthusiastic over the Lewiston climate, as enthusiastic as was Russ Hall, in chatting with a Tribune reporter last evening, the "Deacon" who is to have the same and likes to talk about it, said: When Russ Hall told me you find the finest early training climate in the Northwest here in the Lewiston, I was delighted. I was expecting to find pretty nice weather, but let me tell you that I never dreamed it could be so delightful. Mr. Miller, the president of our club, is also delighted with it. My strongest recommendation of Lewiston as a training place for baseball teams is that if I am managing a team in the Northwest next year I shall come back to Lewiston for early work."

"Sickness has prevented some of his men from getting the full benefit of the work. Lefty Naga, the fast outfielder, being confined to the hospital with a bad leg and the "Deacon" himself suffering with blood poisoning in his right index digit. Mr. White stated last evening that he was going to take Lefty Naga, the fast outfielder, along to work in the exhibition games. Should Thomas show up well, he has a chance of being put on the salary list of the Edmonton club.

"Here are most of the men who will constitute Edmonton's pennant-chasers:

"M. Blarud, pitcher, played in Iowa State League, Northwest League and Oakland in Pacific Coast League.

"Charles Christ, pitcher, played in Montana State League, and Iowa State League.

"R. L. McClair, pitcher, a youngster from the Seattle city league.

"Ed. McQuinn, pitcher, played in Northwest League.

"Kid Ford, catcher, played in Coast League.

"Will Lasei, first base, played independent baseball in several states.

"George Wessler, second base, played in Utah State League and the Jimmy Grimes, outfielder, who is playing shortstop with the Har, who is now in Seattle in the Northwest League.

"Molly Baker, third base, played with Gray's Harbor in Northwest League.

"Bill Bennett, outfielder, played in the Three I League and the Northern League.

"George Adams, outfielder, played with Butte in Northwest League.

"Pay Wheeler, outfielder, a youngster, who has been playing independent ball.

"Lefty Naga, outfielder, played in Northwest League.

"The "Deacon" himself is one of the fastest shortstops or second basemen in the Northwest and as soon as the soreness has left his finger will cover one of these important stations for the season.

Short Out Local Team.

"Yesterday as a farewell communique, the Edmonton men shut out the Lewiston team, while piling up a score of 25 to seven innings. The Lewiston team were shy four of their regular players, but regardless of that, could not stop the heavy stick work and speedy handiwork of the Canadians.

"Dr. McFarland, of Clarksburg, who played with the local nine, showed up especially well and is a very fast man in the great national game."

MORRISON'S MINERS.

Lathbridge is working out at Minneapolis. Manager Morrison has a fast lot of players and expects much of his team. Lindsey, J. Fogarty, Grogan and Church are his pitchers, who have been signed. Manager Morrison was pitch some himself, and will go in the box when needed. The catchers are Rogers, and J. Fogarty, Arlie O'Lea, first base; Rader, second base; Mackin, shortstop; Blues, third base; Munroe, Foster and Hall, outfielders. Lathbridge will play Winnipeg today and to-morrow.

SPORTS OF ALL SORTS.

The last fight at Los Angeles was a good one—it was crooked from start to finish. In order to get the fight to the ring, Burns had to agree to lay down to him. But Burns didn't lay down to him. He simply fought crossed O'Brien. Philadelphia Jack may not be considered a heavyweight. Series will fight Squires if the Australian shows any class, sometime this winter.

WETASKIWIN AT WORK.

The Wetaskiwin baseball team had its first try-out last night, when the following were in line: Chase, Barret, Moyn, Bess, Wolcott,

Inalls, Marshall, G. Murray and S. Murray. The boys have got together and with hard practice will make a good showing this season.

RULES FOR BALLPLAYERS.

The work of the veteran, Hugh Jennings, as manager of the Detroit team will be watched with considerable interest this season, not only because of his long, honorable and brilliant connection with the game, but also because this marks his return to major league company after a sabbatical year for the minors for some years. Jennings has the same from all most every angle, and as a player his work was brilliant both in conception and execution, as a manager he has been less successful, probably because not every man can instill into others that which he knows and can do himself. Apropos to that the rules for ballplayers are interesting as showing what helped, to make Jennings the great player he is in his prime:

DON'T.

Shy foot—step down on the ball.

Bend the back foot or shift the position as the pitcher all the time.

Swing for a home run—simply get your weight into it.

Strike at every ball that is hit at the good pitcher.

Chop the ball down so it will not get in the air.

Step into the ball position as the pitcher all the time.

Get into your position quickly—lose your nerve when your side when you get out.

Show signs of life all the time.

It is worthy of note that despite a practically useless throwing arm, the brainy player who formulated the above rules has been able to remain in the game—and that, too, as a conspicuous figure—long after many other men would have quit in disgust or discouragement. Despite the useless arm, he played both second base and shortstop for Baltimore for the last season, and in both positions ranked with the leaders in the Eastern League. This year he will manage the Detroit team practically from the bench, but will play whenever and as often as the needs of his team may demand. Jennings' long career in baseball—largely to skill, honesty, brain and perseverance—ought to prove a striking object-lesson to the younger generation of ballplayers.

SPORTS OF ALL SORTS.

"Lefty" Spoor, formerly with Winnipeg, is pitching for Des Moines.

BAMROSE.

Camrose is planning a gala day on May 26th.

A movement has been organized to secure a hospital for the town. Dr. Lamb has been appointed the new health officer for the town.

At Tuesday's council meeting A. S. Rostell, St. Ed's, delivered an interesting address explanatory of the new Land Titles act.

Mr. Hyatt, organizer of the W. C. T. U., addressed a large audience in the Presbyterian church.

BAWL.

Word has been received here today that a coal mine of large extent has been discovered, about seven miles northwest of the town.

A hospital and a crematory are being established here, and other important establishments are rumored to be coming.

The Union hotel has been recently renovated, and now affords excellent accommodation.

The town is alive to the need of improvements and in a truly progressive spirit is arranging for a great deal of street grading and sidewalk construction.

Well is proving itself a rival of the new towns in Alberta, and ambitious to keep a little in advance even the most of the other towns on the Wetaskiwin branch its situation is favorable to growth.

Oh, that's easy. It can be explained in three small words which amount to much, namely, **QUALITY. QUANTITY. PRICE.**

QUALITY, yes, the best that good judgment and money can buy. **QUANTITY** in most cases large, thus getting big discounts, and discounts effect the price of the goods in the customer's favor. **PRICE** as low as the others, and taking **QUALITY** into consideration **LOWER**.

IN SPEAKING OF DISCOUNTS WE WOULD DRAW TO YOUR ATTENTION OUR DISCOUNT SALE, WHICH WILL CLOSE SATURDAY NIGHT OF THIS WEEK—\$10.00 LESS 20 PER CENT—\$8.00.

It looks easy, but it means a lot, it means that we are cutting a big slice from our profits, however you know our reasons. Complete stock of DRESS GOODS, SILKS, LADIES' COSTUMES, COATS and SKIRTS at 20 per cent discount. The Famous JULIA MARLOWE SHOE at GREATLY REDUCED PRICES.

WARM WEATHER SAVES THE WHEAT

Situation in Prince Albert Dis- trict. Farmers Hope for Big Crop

Prince Albert, Sask., May 14.—Wheat-
ers of the last two days have saved
the wheat situation in the Prince Al-
bert district. The situation was
an indifferent one; it is not
hopeful of a big crop. Most farmers
are in a pessimistic state of mind
plowing and summer fallow and there
have been seedling almost uninter-
rupted rains. The situation is
in some cases a few days earlier.
Those who are dependent on the
rain are in a pessimistic state of mind

old barley crop will be corre-
spondingly larger.

NEW YORK STOCK COMMENT.

**Bull Wheat Campaign Causes Many
Errors in Stock Speculation and
Foreign Discounts Hinder.**

New York, May 14.—The securities
markets at all the great centers of
capital were more or less depressed
today. It is not clear that the
compelling cause was the bad outlook
for the world's wheat crop, but
it was necessarily dictated by the
fact that stocks rose in New York
and fell in London. It is probable
that the reaction in the wheat market
today was accompanied by a decline

condition may be advanced in explanation of the seemingly anomalous movements. Besides the special portions in yesterday's stock market designed to sustain or strengthen the price of wheat, there was to take advantage of the bad crop standing short interest was seeking news to cover short contracts. These operations were effective in lifting prices which were significant of the narrow speculative market. The reaction in wheat was either on the long or short side, partly as a result of the large diversion of speculative activity to the other hand. Today's reaction in wheat was attributed largely to the selling to take advantage of the news of a heavy advance in the price of wheat. This reaction did not serve entirely to relieve apprehension over the crop and the price of wheat. It did, however, spring wheat seedling a matter of 20¢, paramount interest in the forming of the wheat market. The reaction in wheat news from the spring wheat re-

ENGLISHMEN NOT REFUSED WORK

Because of Fact That They Were Englishmen. Denial to Story in Eastern Papers.

Associated Press Despatch.

Port William, May 14.—A story has been going the rounds of the eastern papers and has gained some credit since in England to the effect that a party of 24 Englishmen had been refused work in Port Arthur entirely on account of the fact that they were Englishmen.

It is true that a party of men came to Port Arthur from England under promise of work on the Grand Trunk Pacific Railway, and on arrival it was found that they were not capable of doing the work the company wanted them to do, which was the rock work under the contract of Foley Brothers and Larsen.

The matter was taken up by Immigration Agent Harris and work was found for every one of the 24 men. Representatives of the Grand Trunk Pacific Railway and of Foley Brothers and Larsen both emphatically deny that the men were refused work because they were Englishmen, and that they were refused work at all. They state that they would have been given work as common laborers, but they preferred to remain as such in Port Arthur.

Montreal Longshoremen's Strike.

Montreal, May 14.—The longshoremen's strike for higher wages has so far progressed quietly. Comparative little work is being done on board the steamships in port, the companies not having had time as yet to make arrangements to secure help outside.

The crews of steamers are doing what they can but it is not much. The police reserves were on hand early today in case of the development of any trouble, but their services were not needed.

It is just reported that the transients have gone on strike and this will tend to further complicate the difficulties of the steamship companies in getting ships loaded and unloaded. The strike leaders deny that their work comes under the lenient act, not being a public utility, the same as railways, whose work is carried on in the Dominion.

FIRE FIGHTERS' NARROW ESCAPE.

Associated Press Despatch.
New York, May 14.—More than a score of firemen narrowly escaped death today while fighting a stubborn and scorching smoky fire in the basement of a five-story building at 38 Broadway, the lower part of which was occupied by the offices of the Remington Typewriter Company.

After two hours, during which the firemen fought the blaze in vain, the last squad carrying out their unconscious comrades who had perished there. Sixteen firemen were sent to the hospital. Some of them were overcome by smoke as to be in serious condition.

Nearly every fireman who went into the building was taken out either badly or partially unconscious before the end of the fire.

INTEREST IN 'PHONE RYLAW

To be Voted on in Calgary Today. Some Opposition Has Developed.

Special to the Bulletin.

Calgary, May 14.—Much interest is being taken in the vote to take place tomorrow upon a bylaw to raise \$125,000 for the purpose of installing a municipal telephone system in Calgary. Though the labor element, Board of Trade and all newspapers have declared in favor of the telephone bylaw, it is known that there will be considerable opposition to it, and the vote will be close. Bylaws in this city must receive a two-thirds vote to go into effect.

At a meeting of the retail merchants held tonight a motion favoring the municipal system was carried unanimously.

Excellent Showing of Imperial Bank.

Toronto, May 14.—The report of the Imperial bank for the year ending April 30 shows an excellent showing. The net profits were \$718,020. This equals 5.50 per cent. on the average paid up capital for the two last years compared with \$208,746, or 17.49 per cent. on the capital earned last year. Three dividends at the rate of 10 per cent. and out at the rate of 11 per cent. absorbed \$43,217.

The sum of \$116,351 was written off bank arrears account and \$45,316 was carried forward to the credit of profit and loss as compared with \$275,830 a year ago. The sum of \$848,500 was received to revenue from new stock issued during the year, and the whole of this was transferred to the reserve account, bringing it up to \$4,773,748, which is the amount of the paid up capital. The sum of the notes in circulation grew by \$320,000, deposits by \$3,550,000, and current loans by \$4,440,000.

SHRINER FUNERAL TRAIN.

Carrying the Bodies of the Victims of Honda Wreck Starts East.

Associated Press Despatch.
Saint Barbara, Cal., May 14.—The Shriner funeral train, leaving the bodies of the 21 victims of the Honda disaster, and with a party of more than 200 of those who escaped—from the wreck, departed for the east today. Those of the injured who were able to travel were also taken aboard at San Luis Obispo. They included John Logan, the Buffalo haggamman, whose leg was broken in two places, and Mrs. Fred Grummond, of Birmingham, N.Y., whose husband was a subject among the wrecked persons, a subject among the wrecked persons.

Montreal Offers to Strike.
Montreal, May 14.—The men employed by the Dominion Transport and Shelden companies, carriers for the C. P. R. and G. T. R. respectively, have practically determined to go on strike for an increase of pay, but it has not yet been decided whether if they do go it will be a direct strike in sympathy with the longshoremen, but it will doubtless do a great deal to help the dock workers.

Diaz Denies Story.

Associated Press Despatch.
City of Mexico, May 14.—President Diaz denied to the Associated Press statements attributed to him in an alleged interview in a New York paper. The President declared that he had never favored a protectorate or a nominal federal union of Central American states, and that the remarks relative to the advisability of the federation of the Central American countries were never uttered by him, and he added: "If this article is sent out to the world unopposed, it would reflect badly on my country and myself and be placed in a most foolish position."

First Steamer to Montreal.
Cape Race, Nfld., May 14.—The steamer Hangerman, from London for Montreal, was in communication with the Marconi station passing this point at 1 p.m. today.

Fire in London Asylum.
London, Ont., May 14.—A five thousand dollar fire at the asylum for the insane occurred today. It broke out in the drying room of the laundry. This room and the upper floor are a total loss, but firemen succeeded in preventing the spread of the flames to the dormitory, where the inmates were confined.
